The Vermont Crafts Council's Open Studio Weekend will be Saturday and Sunday, October 3rd and 4th. It's not too early to decide which of the 120 studios across Vermont to visit during the weekend. Meet artists where they work, see what they produce, hear about their process, purchase art, order something for pick up later or just support them by stopping by.

The following information will help you plan.

Check out this year's booklet and map to look over all of the participating artists and directions to their studios: <https://www.vermontcrafts.com/wp-content/uploads/2026/09/2026-Open-Studio-Fall-Booklet.pdf>
